

Manufactured Homes (Without Land)

As of January 1, 2005, members of the South Central Wisconsin MLS can voluntarily include manufactured homes **without land** on the MLS.

The MLS Profile Sheet makes the distinction between Manufactured with Land and Manufactured without Land. If a manufactured home is being sold with land, it is considered real property and can be treated just as other real property listings.

If a manufactured home is being sold without land, it is considered personal property. **According to the Department of Safety and Professional Services (DSPS), real estate licensees can only sell one (1) manufactured home without land per year.** In addition, in order to sell one per year, the licensee and/or seller must be able to document that a reasonable but unsuccessful attempt was made to find a licensed manufactured home dealer willing to broker the sale. For those interested in selling more than one manufactured home without land per year, a Manufactured Home Dealer License is required. When listing a manufactured home without land, the MLS requires the following statement to be included in the Broker-to-Broker Remarks area:

Personal property sale – No approved forms – See www.scwmls.com/pdf/mh.pdf

As the transfer of a manufactured home with no land is a personal property transfer, conveyance is in the form of a title rather than a deed. The Wisconsin Manufactured Home Title Application can be found on the DSPS website at: <https://dsps.wi.gov/Credentialing/ManufacturedHomes/SBD10687.pdf>. Additional title & transfer information can be found at: <https://dsps.wi.gov/Pages/Programs/MH/Default.aspx>. The phone number for the Manufactured Homes Program within the DSPS is 608-266-2112, option 3.

When listing a manufactured home with no land, much of the standard WB Listing Contract does not apply and the form is not recommended for use by the WRA Legal Department. As there is no State of Wisconsin approved form for the listing of personal property, attached please find a draft commission agreement form. Please note that this form is being provided as a guide. As this is not a state approved form, brokers should review this agreement with legal counsel. **On the offer side, please note that Wisconsin law does not permit real estate licensees to draft a purchase agreement unless the licensee is one of the parties (buyer or seller) to the transaction. Therefore, the purchase agreement should be drafted by the parties or their legal counsel.** The DSPS Manufactured Home Offer to Purchase form can be found [here](#).

Lastly, when listing or selling a manufactured home located on leased land, the seller should verify that all obligations to the land owner have been, or will be, satisfied and the security deposit (if any) has been, or will be, returned. On the other hand, the buyer may wish to verify that a new lease may be entered into with the land owner or, if it is the intent of the buyer to relocate the manufactured home to a new site, the time frame for doing so.
